

Press Release July 2, 2015

**WAVEFRONT CORPORATE UPDATE**  
**COMMERCIAL AGREEMENT SIGNED WITH NPS ENERGY DMCC, UNITED ARAB EMIRATES**  
**COMPLETES DUAL POWERWAVE DRAGONFLY TOOL INSTALLATION WITH ECOPETROL, COLOMBIA**

EDMONTON, Alta., July 2, 2015 Wavefront Technology Solutions Inc. (Wavefront or the Company, TSX-V: WEE; OTCQX: WFTSF) a technology provider offering dynamic fluid delivery processes to oil and gas producers that are widely effective methods for maximizing reserves in Improved/Enhanced Oil Recovery (“IOR” or “EOR”) projects as well as increasing single well productivity through more effective well stimulation is pleased to announce that it has entered into a Commercial Agreement with NPS Energy DMCC (“NPS”), a United Arab Emirates headquarter company for the provision of Wavefront’s Powerwave Technology in the Middle East, North Africa and Far East Asia.

NPS is the largest regionally-owned oil, gas and petrochemical services provider in the Middle East delivering drilling, customized well services and support to customers in the Middle East, North Africa and Far East Asia. NPS provides its distinctive customer solutions through 20 subsidiaries and branches. Service lines include well services, electric line logging, well testing, and integrated drilling and work over operations. NPS is recognized for both product quality and service deliverability, and is widely engaged by leading operators around the world.

“We are very pleased to have entered into this agreement with a well established and growing service provider in a region where there is considerable growth potential for Powerwave,” said Wavefront President and CEO Brett Davidson. “Wavefront has made important inroads in positioning Powerwave with key clients in the region and we believe that through its distribution channels and market presence NPS will further advance both Powerwave and the revenue associated with Powerwave utilization.”

Wavefront also wishes to announce the completion of dual Powerwave Dragonfly tool installation to enhance water injection in a multi-zone injection well completion. This installation for Ecopetrol in Colombia is the first such installation globally for Wavefront and forms part of the approximate US \$1.3 million Ecopetrol contract previously announced which also included twenty-two Powerwave pulsating selective waterflood injection regulator valves installed in seven wells, and three Powerwave well stimulations.

ON BEHALF OF THE BOARD OF DIRECTORS

**WAVEFRONT TECHNOLOGY SOLUTIONS INC.**
